When You Arrive...

- ✚ Once you've arrived at BeWILDerwood, a grownup will need to collect the wristbands from our Yellow Grubbles at our Grubbles' Greeting Gate (they're the colourful huts). This is a good time to get yourselves organised into your groups on Grubbles Green (the grassy area before you enter!).
- ✚ We have toilets available just next to the Grubbles' Greeting Gate if anybody needs to use them before your WILD adventure.

Other Helpful Tips

Dress for the occasion:	Make sure explorers are dressed for a day full of slipping, sliding and running WILD in the woods. Appropriate clothing and shoes are a must for a day full of muddy fun! Insect repellent and sun cream are recommended for sunny days.
Pocket money treats:	We recommend visiting the Bizarre Bazaar (our gift shop), in smaller staggered groups (max.30 per group). Please note we are a cashless site. Psst! You can pre-order goody bags for collection!
Supervision:	We want to make sure that every visitor has an enjoyable time running WILD in BeWILDerwood. It is the responsibility of group leaders and helpers to supervise their group on a visit.
Group size:	Splitting your group into smaller groups (about 20 or so works well) is especially useful as you can run WILD around the park in any order you wish. This means you can start in different areas of the park, so it won't feel too busy! Don't worry, you can always meet up at one of our picnic areas for lunch to share your adventure tales!
Coach drivers:	Don't sit on the coach and get lonely – come in and see us! Ask at the Grubbles' Greeting Gate for a yummy food voucher and head on in.

See you soon!
